MEMPHIS GERMANS ANXIOUS FOR FRIENDS

Persons residing in Memphis and vicinity who have relatives living in Germany have taken advantage of the resumption of mail service with that country in an effort to learn the whereabouts of those relatives whom they have not heard from in several years. The volume of letter mail for points in Germany, handled by the local post-office, has been very large, according to a statement by E. H. Kline, superintendent of mails.

Mail service with Germany was resumed July 15 and since that time the local postoffice has handled an exceedingly large volume of letter mail. Very little parcel post mail has been handled. Mr. Kline is of the opinion that most of the matter handled consists only of inquiries as to the welfare of relatives who have been shut off from communication with the outside world during the period of the war.
